

# For the Perfect Lawn

Wilken Seeds recommends and provides "prescription" mixtures for the best varieties of turf. We mix quality grasses for lawns, parks, airports, roadways, industrial areas, land reclamation areas, farm waterways, livestock pastures, forage crops and most any other use!

## Wilken Deluxe Lawn Mix

Use on new lawns and overseed existing lawns. Use on variable soils — produces a beautiful, durable lawn. You can't miss with this one!

- Our most popular sunny mix
- Suited to partial shade
- All-purpose premium blend
- Narrow-bladed
- Beautiful, showy appearance
- Rich, lush, dark green color
- Fast emergence
- Seeding rate: 4 lbs./1000 sq. ft.

## Wilken Deluxe Plus Lawn Mix

For high fertility soils with a blend of bluegrass varieties for more disease resistance. This will make a beautiful, showy lawn for the perfectionist.

- For the lawn perfectionist
- 3 brand name bluegrass varieties
- 2 varieties of narrow blade ryegrass
- Specially blended for the beautiful lawn look and resistance to lawn diseases
- Emerges quickly
- Seeding rate: 4 lbs./1000 sq. ft.

## Wilken Supreme Shade Lawn Mix

Use this special blend in shady areas for a nice lush green lawn — leave blade height approximately 1/2" taller than other lawn for best results.

- Blended for shaded areas
- Rich, dark green color
- Narrow-bladed
- Fast emergence
- Seeding rate 4 lbs./1000 sq. ft.

## Wilken Sandy & Clay Soil Mix

Nice narrow bladed grass for sandy and clay soils such as around a lake, creek or river bank. Will make a great looking lawn where you have tough soil types.

- Attractive lawn
- Narrow bladed
- Quick starter
- Good for sun or shade
- Seeding rate: 5 lbs./1000 sq. ft.

## Wilken Athletic Field Mix

This is a grass for rough use such as athletic fields and can be used around buildings and other areas where there is limited traffic.

- Especially designed for athletic fields
- Stands a lot of wear and punishment
- Is popular with coaches and players
- Fast growing
- Seeding rate 5 lbs./ 1000 sq. ft.

## Wilken Dog Run Mix

Grass seed blend especially for Dog Runs. Tough durable long lasting blend of multiple grasses for heavy use.

- Dogs will love this
- Can be used in shady or sunny areas
- All soil types
- Leave blade height 1/2" taller than lawn grass
- Rapid regrowth
- Seeding rate 7 lbs./1000 sq. ft.

## Wilken "Deer Salad" Mix

This one is NOT for lawns, but is for the deer lover. It has all the special ingredients to draw deer from Spring through Fall and early Winter. Use in open areas and near wooded areas.

- Special mix for deer
- Highly palatable and digestible
- Drought & Cold tolerant
- Strong regrowth
- Seeding rate: 25 lbs./acre
